NELSON OFF TO GOLDFIELD

Battler Believes He Will Have Little Trouble in Disposing of Gans.

Battling Nelson big good-bye to his Salt Lake friends yesterday and departed for Goldfield, where he goes to begin training for his coming encounter with Joe Gans. Nelson stopped off in Ogden last evening, where he had his last exhibition before the big fight. He is to have appeared at Pocatello, but had to call the trip off, as it was necessary for him to get to Goldfield at once and start training.

Everywhere the Battler went yesterday he met with but one remark, "I hope you knock the dinger's head off. Bat, and remember I am with you."

Bat remarked that he believed he had more friends in Salt Lake than any other town on the map unless it was Hagerman.

Nelson does not look upon the Baltimore fighter as a hard nut to crack and seems confident of victory. Before leaving Nelson placed an order with a local photographer for 50 photos to be sent to his friends around the country before the coming fight.

RAM'S HORN DIES.

New York, Aug. 8.—Ram's Horn, the four-year-old colt by Butte-Aunt Tessa, winner of this year's \$5,000 Brighton handicap, and of last year's Crescent City Derby at New Orleans, died today in his stall at Gravesend race track of inflammation of the bowels. Ram's Horn had been ailing ever since the Brighton handicap, and was too ill to be shipped to Saratoga, where he was entered in the richest stakes.

Ram's Horn was generally conceded to be the best horse sent out the west in many years. He was formerly owned by Captain Jim Williams, a noted western horseman, but lately had been running in the name of C. Williams, a son of Captain Williams.

FINE DOGS COMING TO SALT LAKE

Thoroughbred English Setters Brought by Keefe and Parker.

Salt Lake is rapidly becoming a center for fine hunting dogs. On top of the announcement of the recent purchase of Ironclad by Dr. S. H. Pinkerton comes another that three highly bred puppies have been purchased by local sportsmen.

Harry O. Keefe and W. H. Parker are the lucky individuals and they intend to raise and train the dogs for field work, using them for chicken and quail shooting in this state. The above is a photo of the litter to which the puppies belong.

Neither Manager McGraw nor Third Baseman Devlin were to be seen today, as each had incurred the penalty of suspension for a few days.

EUREKA FANS ARE TICKLED

Pleased to Think League Will Finish Season—Want Second Pennant.

(Special to The Herald.) Eureka, Aug. 8.—Baseball fans are "tickled" most to death that the season will be played through with a new schedule. Dr. W. H. Lawrence, the new manager of the Eureka team is an enthusiastic follower of the game and has done great things to help keep up interest and the boys are well pleased with his election. He stated last night that the team would remain practically the same, but hinted that there would be an addition of one more good man. He also stated that there was plenty of money guaranteed to carry the team through and he saw no reason why Eureka should not be the pennant winners in the second series as well as in the first. Captain Lumley has his men out every evening and they are performing beautifully. A game between Salt Lake and Eureka will be played at Spanish Fork, August 13, for \$100 a side and Eureka is confident of bringing back the purse.

Police Inspector Sweeney said today that neither he nor his policemen had anything to do with the election of Umpire Johnstone from the Polo grounds yesterday and that he had assured Manager McGraw and Secretary Knowles yesterday that the police could protect Johnstone if he were admitted. The inspector also said that Secretary Knowles submitted a statement to him at the grounds yesterday putting the exclusion upon the shoulders of the police, but that he (Sweeney) refused to agree to it.

Joe Zilligan, the former University of Utah football player, is now a full fledged V. M. D., which means he has a diploma authorizing him to diagnose any ailment a horse may have or his owner thinks he has. Zilligan graduated from the university this spring and has hung up a sign in Philadelphia, where in addition he is an assistant in the public health department of Philadelphia.

To a friend of his in this city, Zilligan unburdened himself in a letter received yesterday, and admitted that there was no place like Salt Lake. Joe says he would like to come out in this country and settle for the rest of his life. He intends to make a trip out here soon to look over the chances for a man in his profession and if they look good, Salt Lake will be the next place he hangs up his sign.

HOT SHOT FROM PULLIAM

Tuesday's Fiasco at Polo Grounds Put Squarely Up to New York Management.

New York, Aug. 8.—The game scheduled to be played in this city between the New York and Chicago teams of the National baseball league must be played despite the trouble at the Polo grounds yesterday.

President Pulliam of the National league gave out the following statement today: "The New York-Chicago game, scheduled for August 6, stands on the league records as forfeited to Chicago by a score of 9 to 0, and said result has been tabulated and counted. I uphold the action of the umpires absolutely and if I am not sustained by the National league board of directors, I will not only resign my position as president of the National league, but I will quit professional baseball forever. I am a National league man through and through and will never serve another organization. It has always been my ambition to one day own a National league franchise, but if blackguardism, jobbery and bulldozing tactics are to be upheld by the oldest professional baseball organization in America, I would not have the best franchise in the National league as a gift.

I won't discuss my umpire's assignments for today's game or any other game. They are confident and known only to me and my staff of umpires. But they will be on hand for the game this afternoon and the teams will play unless weather conditions prevent.

Police Inspector Sweeney said today that neither he nor his policemen had anything to do with the election of Umpire Johnstone from the Polo grounds yesterday and that he had assured Manager McGraw and Secretary Knowles yesterday that the police could protect Johnstone if he were admitted. The inspector also said that Secretary Knowles submitted a statement to him at the grounds yesterday putting the exclusion upon the shoulders of the police, but that he (Sweeney) refused to agree to it.
